PRODUCT DECK

RankFlowHQ Education Hub

An automated news and trends stack that turns education headlines into indexable, SEO-ready stories.

education.rankflowhq.com · Harsh Lariya

Education news moves fast. Editorial teams check sources by hand, miss trending searches and publish too late to rank.

02 · WHO IT'S FOR

IDEAL CUSTOMER PROFILE (ICP)

Education publishers and content editors in India.

JOB TO BE DONE (JTBD)

"When a big exam or admission update breaks, help me publish an accurate, search-ready story before competitors."

03 · VALUE PROPOSITION

One workflow from source monitoring to an indexable, SEO-ready story, prioritised by what students are searching right now.

ALTERNATIVES USERS HAVE TODAY

- Manual RSS readers and Google Alerts
- Generic AI writers

04 · HOW IT WORKS

01 Sitemaps & RSS → 02 Real-time scan → 03 News aggregator →

04 AI repurpose → 05 SEO publish

NORTH STAR METRIC

Stories indexed within 24 hours of the news

News SEO rewards speed; a story indexed a day late rarely ranks.

INPUT KPIS

- Time from source to published page
- Indexing rate
- Search clicks per story
- Editor edits per story

GO-TO-MARKET (GTM)

- Live showcase of the RankFlowHQ pipeline
- SEO on education news pages
- Links to RankFlowHQ for publishers

MONETISATION

Showcase and lead source for RankFlowHQ; publisher plans later.

Dogfood in a domain I know

Trade-off: Narrow vertical, but expert-level quality judgement.

Trends drive the queue

Trade-off: Skips some news, but focuses on what people search.
