SUMMARY

Product Manager with 5 years in EdTech and B2B SaaS, building data-heavy platforms from 0→1. Sole PM for a lead platform that replaced a 40–50 person spreadsheet operation and processed 78M+ distribution records for 600+ clients; led a website, CMS and technical-SEO platform from scratch to 300K+ indexed pages. Hands-on with Python and SQL. Independently built and shipped 3 live AI products (RankFlowHQ, its Education Hub, HarshOnRoads), focused on grounded outputs, reliability and cost.

EXPERIENCE

Product Manager — KollegeApply Jan 2025 – Present · Gurugram

Own 6 products (LMS, website & SEO, CMS, news portal, B2B portal, DevOps) with a 12-member cross-functional team.

- **Lead Management System (sole PM):** replaced manual, spreadsheet-based lead distribution with a configuration-led platform; delivery time per client **1–2 hrs** → **under 5 min**, ops team **40–50** → **10–12 people (~75%)** while clients grew **~200** → **600+** at peak, with ~80% retained.
- Scaled the platform to **78M+ lead-distribution records across 268K+ batches** (12.4M+ in peak month); added PII masking, 10-state exception tracking, audit logs and duplicate blocking that stopped **23M+ repeat sends**.
- **Website, CMS & SEO built from scratch:** validated structured-data CMS and templated pages grew indexed pages **150K** → **300K+** and monthly sessions **94K** → **339K peak (3.6×)**; bounce rate 60%+ → under 40%; PageSpeed 75+ mobile / 90+ desktop.
- Cut content processing **4 hrs** → **10 min** with bulk upload, validation and multi-entity CMS workflows (50+ active users); moved banner/listing changes to self-serve, **2–3 days** → **5 min**.
- Launched an SEO-first **news portal** (500K+ sessions in first 5 months) and a **B2B integration** pushing 261K+ leads to 60+ enterprise clients at 99%+ uptime.

Product Manager — Collegedunia (Collegedunia.com, Prepp.in) Aug 2023 – Sep 2024 · Gurugram

- Shipped 240+ initiatives (course finders, comparison tools, reviews, sales landing pages) with 16+ engineers and QA.
- Redesigned the institutes section: click-to-lead conversion **1.94%** → **2.78% (+43%)**, plus 3% from cutoff and placement data in Q&A.
- Launched automated ranking and cutoff pages: **98K+ monthly visitors across 3,769 pages**, bounce rate –40%, session time +10%.
- Auto-updating content and one-click notifications for 2,000+ colleges (update cycle **2–3 days** → **under 1 hr**); global course search at 1.4% desktop CTR.
- Introduced dynamic CMS widgets for real-time table updates, removing manual edits across college pages.

Associate Product Manager — Collegedunia Mar 2022 – Aug 2023

- Cut manual data processing 50% via bulk-upload workflows; shipped 110+ scrapers for real-time data aggregation.
- Built a Google Trends–powered keyword uploader (exam-keyword insights within 24 hrs) and Telegram bots for MCQ distribution.
- Automated review-report emails with database analytics and Data Studio, giving teams faster, deeper numbers for decisions.

Digital Content Analyst — Collegedunia Aug 2021 – Feb 2022

- Promoted to APM in 7 months, the fastest internal promotion on the team; Q4 2021-22 Quarterly Performance Award.

PROJECTS (INDEPENDENT, LIVE)

- **RankFlowHQ**: AI SEO workflow taking a keyword to a cited, publish-ready article (clustering → SERP research → outline → draft → SEO packaging); no-signup demo, bulk article agent, visibility grader. Built 0→1, solo.
- **RankFlowHQ Education Hub**: automated pipeline from RSS/sitemaps and Google Trends to AI-repurposed, indexable education news pages.
- **HarshOnRoads**: India trip planner that builds itineraries only from verified destination data to avoid AI hallucinations; grown through my own travel content (264+ YouTube Shorts).

ACHIEVEMENTS & BEYOND WORK

- Fastest internal promotion on the team: Digital Content Analyst → Associate PM in 7 months, then PM; Q4 2021-22 Quarterly Performance Award.
- Travel content creator (@harshonroads): 264+ YouTube Shorts on road trips and treks; the content doubles as distribution for HarshOnRoads.
